

Julius Randle

Marlon Craft

Too groovy to handle
Write what they don't want, my duty is vandal
Who need a sample?
Put in work independent, make Julius Randle
We don't do tantrums
Famous for art and you dudes need a scandal
They sellin trauma as drama to scam you
Who the real plug? Playin strings and they amped you

From New York before dollar slices when a solid slice was like a buck-fifty
Back when they gave out buck 50s, always tryna fuck wit me, get tough wit me
Back when I was a target, look at my hood now that shit got a Target
Just like you rappers all giving out bargains, sellin your soul I ain't givi
n out pardons, no
Dudes wanna be at my crib like, don't listen to the whole shit but they just
wanna know what apartment
That shit is garbage
Take all of me or none of me and give a fuck about all your money, B
But I do get stressed, word to Budapest, I need capital and I'm Hungary
So be careful if you in front of me 'fore you losin' all of that luxury
And get exposed for the holes in your company
Every one your hits like a bud to me
I'm as blunt as blunt can be
My opinion's Dutchmaster, usually hear much laughter
Rush past you now, cause they mad wack, Afflack cause I duck actors
It's young Craft, sir

You would hit the shimmy for a stimmy
Bitch, get out my face
If I ain't surrounded by the real then I feel out of place
Life already hard and I can't come to camp out of shape
I'mma die a New York legend at this rate
