

## We Were Love

Marlon Craft

We just needed room to breathe  
Sometimes you can't grow if you ain't got space  
Had to be who we could be  
And I don't really know where we lost our way  
But goddamn, we made it far  
It was time to evolve to re-launch our phase  
And though I wouldn't change our decisions, I ain't sayin' I do  
n't miss it  
Feel the pain every goddamn day  
And I ain't forget bout all that time that you spent up on thos  
e buses just to keep us goin', just to come and catch me when I  
's crunchless  
Put your 10, 000 hours in a master of me  
Even though our time's passed, know that we at our best, we wer  
e love

At our best, we were love, love, love, love, love  
At our best we were love  
At our best we were love  
And now I gotta couple options always wanna be a player  
Havin' fun and yo I got it but feel like I gotta say it  
Can't none of them compare to us, cause at our best we were lov  
e

This is what it is, yeah  
Most relationships unrealistic  
Our relationship exists  
Still, these days I just see it different, yeah  
Simply put, I miss you, but I don't got no time for a tissue  
I can't let nothing impede all of the things that I been grindin'  
n' to get to  
I been tryin' make sublime from my mental  
All the trials and the blindness of eye that I try to submit to  
I'm goin all in hopin' the prize ain't a rental  
And it's hard to describe what you meant to it all  
Wouldn't be here without you, that's the best I can call your r  
ole  
So you'll be with me forever  
And whether we'll stay friends or we won't, if it end or it don  
't  
Hope you know that I won't ever forget ya, at our best we were  
love

At our best, we were love, love, love, love, love  
At our best we were love  
At our best we were love  
And now I gotta couple options always wanna be a player  
Havin' fun and yo I got it but feel like I gotta say it

Can't none of them compare to us, cause at our best we were lov  
e  
At our best, we were love, love, love, love, love  
At our best we were love  
At our best we were love
