

## An Eagle and an Eye

Marmaduke Duke

When I came here I shook you down  
Like a blood donation  
Clearly leveringing tonnes of soil  
On the necks of trees and wood

Eagle eyed souls  
Keep an eye out for them

When I came here I blocked you out

Like a black carnation  
Clearly leveringing tonnes of hope  
On the necks of wandering fools

When the world implodes in you  
I will feel it  
Do you?
