

Proof of Life

Marnie Stern

All my life is based on fantasy
And all the gods, they've stopped talking to me
And I can not find it
I can not find it

Give me a sign
Give me a sign

I am nothing
I am no one
I am nothing
I am no one

I am running out of energy
I'm searching but there's so much I can't see

Give me a sign
Give me a sign

I am nothing
I am no one
I am nothing
I am no one

The work is never done
And that is is all I have
The work is never done
And that is is all I have
And I can't get it right

All my life, it's based on fantasy
And all the gods, they've stopped talking to me
And I can not find it
I can not find it

Give me a sign
Give me a sign

I am something
I am someone
