

# All Night

Maroon 5

We were toxic, we were cursed  
Every time we tried, never worked  
I was bad, but you were worse  
Tried to win this game of who broke who first

'Cause when you show up, did you think your world  
Was just kiss and tell with no consequence?  
'Cause you fucked me up, and I'm done with ya  
Till I feel your kiss again

Yeah, we can go all night, all night  
Till the sunlight, sunlight  
And if you just take my heart  
We can go on and on till morning  
We do it all night, we do it all night  
Until the sunlight, until the sunlight  
And if you just take my heart  
We can go on and on and on all right

Oh-oh, oh-oh, oh-oh  
Oh, oh, oh  
Oh-oh, oh-oh, oh-oh

You're a deep cut, you're a burn  
But I like the way that it hurts  
When you leave me on the floor  
I'm sick in the head 'cause I still want more

'Cause when you show up, did you think your world  
Was just kiss and tell with no consequence?  
'Cause you fucked me up, and I'm done with ya  
Till I feel your kiss again

Yeah, we can go all night, all night  
Till the sunlight, sunlight  
And if you just take my heart  
We can go on and on till morning  
We do it all night, we do it all night  
Until the sunlight, until the sunlight  
And if you just take my heart  
We can go on and on and on all right

Yeah, yeah, yeah  
Oh-oh, oh-oh, oh-oh  
Oh, oh, oh  
Oh-oh, oh-oh, oh-oh

Yeah, we can go all night, all night  
Till the sunlight, sunlight  
And if you just take my heart  
We can go on and on till morning  
We do it all night, we do it all night  
Until the sunlight, until the sunlight  
And if you just take my heart  
We can go on and on and on all right

Oh-oh, oh-oh, oh-oh

Oh, oh, oh  
Oh-oh, oh-oh, oh-oh  
Oh, yeah, yeah  
Oh, oh, oh  
Oh-oh, oh-oh, oh-oh  
Oh, oh, oh  
Oh-oh, oh-oh, oh-oh  
Oh, oh, oh
