

Burn Burn Burn

Maroon 5

You know I love you
And baby, you know
You know I need you, yeah
Ooh

I know I'll never get over you 'til I get over myself, yeah
Said you had a lot of shit to do, but I know you're with someone else
That's okay, I won't disturb you
That's alright (Hey), I don't deserve ya 'til I do
I'll take this pain and let it burn, burn, burn, yeah

A glutton for punishment
I think I know what you meant
When you said I wasn't the person that you had met
Back in that summer when
We wasn't nothing yet
Then it turned into this, and now it's just such a mess

'Cause yeah, ooh
It's only you
And no matter how hard I try
I just can't say goodbye, yeah (So many ways to love you)

I know I'll never get over you 'til I get over myself, yeah
Said you had a lot of shit to do, but I know you're with someone else
That's okay (Yeah), I won't disturb you
That's alright, I don't deserve ya 'til I do
I'll take this pain and let it burn, burn, burn, yeah

Bury it deep down inside (Yeah) where the real shit hides (Yeah)
And it don't come out (Yeah) 'til somebody gets honest (Oh)
Yeah, we tried (Yeah) and we fought a good fight (Yeah)
But no matter who wins, (Yeah), ain't nobody surviving

Ooh, it's only you
And no matter how hard I try
I just can't say goodbye, yeah

(You know I love you)
'Cause you know I love you, baby
(And baby, you know)
(You know I need you, yeah)
And I need you, yeah (Ooh-ooh)

I know I'll never get over you 'til I get over myself, yeah (I get over myself)
Said you had a lot of shit to do, but I know you're with someone else (Know you're with someone else)
That's okay, I won't disturb you
That's alright, I don't deserve ya 'til I do (Yeah)
I'll take this pain (Yeah) and let it (Yeah) burn, burn, burn 'til I do (Yeah)
I'll take this pain and let it (Burn) burn, burn, burn 'til I do (Gon' let it burn)
I'll take this pain (No, no, no) and let it burn, burn, burn 'til I do (I'll take this pain)
I'll take this pain (Oh, baby) and let it burn, burn, burn 'til I do

I'll take this pain (Let it burn) and let it burn, burn, burn, yeah
