

# Closer (

Maroon 5

I can't wait much longer  
California stays warm, but it's cold without you  
If you ever go, there's no consoling me  
It's lights off without you

'Cause when you're gone, I can't explain  
It tears me up, I'm not okay

I wanna get close to you now  
I wanna get closer  
I wanna get close to you now  
I wanna get closer

Yeah, yeah  
Yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah, yeah

Found me in the dark when I was lost  
Can't see because I go blind without you  
I want nothing more than to believe that maybe you could ever feel like I do

'Cause when you're gone, I can't explain  
It tears me up, I'm not okay

I wanna get close to you now  
I wanna get closer  
I wanna get close to you now  
I wanna get closer

Yeah, yeah  
Yeah, yeah  
Yeah, yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah, yeah

I wanna get close to you now  
I wanna get closer  
I wanna get close to you now  
I wanna get closer  
I wanna get close to you now  
I wanna get closer
