

One Light

Maroon 5

One light, one light, one light
It's a damn dark world
But there's one light, one light, one light
Long as I'm with you, then it's alright
It used to feel like life was an endless midnight
But now I got one light

Here's to the brokenhearted, yeah
Don't even get me started, yeah
Ain't nobody want to live in this world today (Ayy-ayy-ayy-ayy)
Gotta make it through and do what ever it take

What do I tell my daughters?
How do they get through all this? Ooh
How do I help my brother?
How do I save my mama? Ooh
Yeah, when the world go crazy
Baby, you always save me
And I don't care what you gon' say

'Cause I got one light, one light, one light
It's a damn dark world
But there's one light, one light, one light
Long as I'm with you, then it's alright
It used to feel like life was an endless midnight
But now I got one light

Baby, we need to be honest, yeah
This is a place that we wanted, yeah
Ain't nobody want to live in this world today (Ayy-ayy-ayy-ayy)
Gotta make it through and do what ever it take (Yeah)
