

## Stay Brutal

Maroon

Look through these eyes, feel the urge I feel  
We can't be wrong, this is much too real  
Too many ears are deaf to dreadful screams

We all belong, These words are here forever  
We stand up strong and fight this fight together  
Their eyes can't see what we believe is real  
It almost hurts, what they don't even see

RESIST!  
rise against  
REVOLT!  
Stay brutal

We all belong, These words are here forever  
We stand up strong and fight this fight together  
Their eyes can't see what we believe is real  
It almost hurts, what they don't even see

The ones with heart won't look away at last  
The ones with heart, we will MAKE THE DIFFERENCE!

RESIST!  
rise against  
REVOLT!  
Stay brutal
