

## Admit It

Marques Houston

Can't call back  
No service on the way on the flight back  
I hate payback  
I know me and your friends go way back

Look  
Green money got 'em envy  
Did it all for the home team  
Hate it when you call  
'Cause you never call me

Girl, I'm counting minutes  
I know, we ain't finished  
I dream about your kisses  
Why can't you admit it, girl?

Look  
Let's dance the night away  
Can't you barely stay?  
I don't wanna hear you say "no"

Remember when I took you shopping in Paris  
You couldn't keep your hands off of me  
It's all the little things that I cherish  
You only bring the best out of me

Girl, and I love all the things you're doing  
And I hate that you're not with me  
Girl, and I hate that we've been three it  
Girl, and I hate that it ain't "we"

Girl, I'm counting minutes  
I know, we ain't finished  
I dream about your kisses  
Why can't you admit it, girl?
