

# Captain U

Marques Houston

We set sail for the pirate's cove  
Night stars following the light show  
Enemies waiting in the undertow  
Waiting for a chance, tryna take control  
Aw, there she blows  
Under the sea, that's where she leave 'em, tell 'em, "Adios"  
Walking the plank I hate to see it  
First mates order, baby, gotta go  
Guess they didn't know who was on the boat

Black flags lifted, girl, it's time to move  
Crossbones signal, you know what to do  
What to do  
Parlay no surrender, it's just me and you  
Davy Jones' locker send 'em to the tomb

All these other girls try to commandeer  
They think I'm the one that's the captain here  
I still answer to someone too  
I still answer to you  
All these other girls try to commandeer  
They think I'm the one that's the captain here  
I still answer to someone too  
I still answer to you

And you got a way wit' your words  
And you navigating the way, you got my allegiance like it's a curse  
They want the gold, they want the treasure not knowing their worth, uh  
Going in circles, reading the map, not knowing yo' purpose  
Ain't dropping no anchor  
We don't stop the ship for the leisure  
Dead man tell no tales, they can tell that I need you  
Ain't no jumpin' ship, there's no way I can leave you  
Turn it starboard, let me fire off a teaser

Black flags lifted, girl, it's time to move (Time)  
Crossbones signal, you know what to do  
Know what to do  
Parlay no surrender, it's just me and you  
Just me and you  
Davy Jones locker, send 'em to the tomb

All these other girls try to commandeer  
They think I'm the one that's the captain here  
That's the captain here  
I still answer to someone too  
To someone too  
I still answer to you  
I still answer to you

All these other girls try to commandeer (Commandeer)  
They think I'm the one that's the captain here  
I still answer to someone too  
I still answer to you  
I still answer to you

Uh, hey
