

## Coming Back

Marques Houston

Mad at myself, but I couldn't help it  
I fell in love with your body, thought I was heartless  
Moved to my dream, I'm undesired, it's all in my fears  
All my emotions feel so impulsive  
Losing control, ghost ridin' the whip  
Like I'm on water, crashing, burning, look what you did  
Cut me wide open, can't complain 'cause I know the risk  
Your love is golden

No one else I'd rather be with when that picture be rollin'  
No one else I wanna roll with, when that picture be rollin'

101, tell her 101  
Feel alive when you by my side  
The damage is already done  
Can't help the way that I feel inside

That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you

You stay on my mind, don't feel independent  
Can't turn off the way I feel, cut through my defences  
A heart never listens, I got one foot out, one foot in  
Breakin' me down, I hate that I'm lovin' the feelin'  
Feet on the ground, can't run away from the love  
Look at me now, can't recognise who I've become  
But when it's all said and done

No one else I'd rather be with when that picture be rollin', wh  
en that picture be rollin'  
No one else I wanna roll with, when that picture be rollin', ye  
ah

101, tell her 101  
Feel alive when you by my side  
The damage is already done  
Can't help the way that I feel inside

That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you  
That's why I keep coming back, coming back to you
