

Angel

Mars Argo

Sometimes I feel like I could be your savior

I'll never be your angel
Even though I want to be
Even though I want to be

I'll never be your angel (gel, gel, gel)
Even though I want to be
Even though I want to be

Sometimes I feel like I could be your savior
And you can pray for my love again
Sometimes I feel like I could be better than that
And that I'll be on my own again

I'll never be your angel (gel, gel, gel)
Even though I want to be
Even though I want to be

I'll never be your angel (gel, gel, gel)
Even though I want to be

I'll never be your angel
Even though I want to be
Even though I want to be

I'll never be your angel (gel, gel, gel)
Even though I want to be

Sometimes I feel like I could be your savior
