Mars Argo

Doctor, don't you know my symptoms?
I'm a sick girl with a heartbreak syndrome

Doctor, I can be your cancer
I'm a sick girl and I need an answer

Love, in the morning I'll be a shadow
Love, to the day I die

Love, in the morning I'll be a shadow
Love, to the day I die

Doctor, I can make you want me
I'm a sick girl and I need your loving

Doctor, I can make you have me
I'm a sick girl and I know you want me

Doctor, I can make you want me
I'm a sick girl and I need your loving

Doctor, I can be your cancer
I'm a sick girl and I need an answer
