

Don't Call Me

Mars Argo

My head is spinning
Falling down
Collect myself when I hit the ground
I break my back, I grind my teeth
And I stay up late but I still can't sleep

You call me for everything
Don't call me for anything
You call me for everything
Don't call me

Forget who I am everyday
That's how I know that I'm okay
I know I'm on my way
Forget who I am everyday
That's how I know I haven't changed
I know I'm on my way

You call me for everything
Don't call me for anything
You call me for everything
Don't call me
Just call me

Forget who I am everyday
That's how I know that I'm okay
I know I'm on my way
Forget who I am everyday
That's how I know I haven't changed
I know I'll be okay
