

## Formal Girl

Mars Argo

I must confess I've been a little naughty  
Forgive me if I've sinned  
I'll try my best to be the little bitch  
You wanted me to be

Though I'm a formal girl, I like the bad boys  
I have a tendency, your secret is safe with me  
And underneath the sheets, make me an offer, please  
Am I the girl you thought I'd be?

There I go again  
I let my sinister side get the best of me  
I like to pretend I'm sorry  
Am I the girl you thought that I would be?

Though I'm a formal girl, I like the bad boys  
I have a tendency, your secret is safe with me  
And underneath the sheets, make me an offer, please  
Am I the girl you thought I'd be?

Though I'm a formal girl, I like the bad boys  
I have a tendency, your secret is safe with me  
And underneath the sheets, make me an offer, please  
Am I the girl you thought I'd be?
