

# Lick It Like A Kitten

Mars Argo

(So, what did you do?  
Well, I did it of course)

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

I put my pigtails in  
Lord knows that you wanna sin  
But I got you crawling on the floor  
Like you're coming back for

Thought it was innocent  
Just thought you could handle it  
But now you're crawling on the floor  
Are you sure you want me  
To hurry up, make you wait  
Let's play a game  
Don't underestimate me  
What you want? What did you say?  
Pop goes the weasel

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Aww  
You, me, some hide and seek  
My turn run away from me  
Your conscience as it's creeping in  
Godspeed, then I count to ten  
Hurry up, make you wait  
Let's play a game  
Don't underestimate me  
What you want? What did you say?  
Pop goes the weasel

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it

Lick it like a kitten  
Lick it, lick it like a kitten  
Lick it like a kitten  
Lick it, lick it
