

## Sideways And Sideways

Mars Argo

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so

I'm a text message  
(Are you listening, Johnny?)

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so

I gotta say that there's  
Another way out there  
You wanna know  
But you won't say so
