

Stuck On You

Mars Argo

Won't you see
I'm your queen
Come with me
I'm a thief

Float with me
Lie to me
Make me think
I'm your queen

You say I'm young
You say I'm dumb
You say it's true
But I'm stuck on you

I think you want to see me numb
It's nothing new
But I'm stuck on you

I see you over me
In my dreams
I'm asleep

Make me think
I'm your queen
Lie to me
I'm a thief

You say I'm young
You say I'm dumb
You say it's true
But I'm stuck on you

I think you want to see me numb
It's nothing new
But I'm stuck on you

And I never had the words to say
That I want you back

And I never had the nerve to say
That I want you back
