

You think you're a big shot don't you?
I can see you walk around town with your big shoes
I think that I forgive you
Baby I just want want want all of you

Whole juice, whole juice for a sweet kiss
Orange juice, orange juice for a sweet kiss
All we need is SunnyD
All we need is SunnyD

I think I love you
Acting like a dog with a sole point of view
I'll need to wrap around
Gotta have my sugar nectar at the right area

Whole juice, whole juice for a sweet kiss
Orange juice, orange juice for a sweet kiss
All we need is SunnyD
All we need is SunnyD

Ooh...
Ooh...
I found love yeah yeah
Ooh...

Whole juice, whole juice for a sweet kiss
Orange juice, orange juice for a sweet kiss
All we need is SunnyD
All we need is SunnyD
All we need is
(All we need is)
All we need is
(All we need is)
