Wet Cigarette

Mars Argo

Ooh, it's a silly little girl
But I can't stand up
And I won't sit down
And I'm nervous now
And I know you know

Ooh, I'm running in a circle
I don't even remember my name
Remember my name

I can see your smile from a mile away
And maybe we can make it, won't you stay?
Don't you be afraid, don't you be afraid
I will always walk you home

Ooh, it's a silly little girl
But it's on my mind
And we can't rewind
And I need some time
And I know you know

Ooh, I'm running in a circle
I don't even remember my name
Remember my name

I can see your smile from a mile away
And maybe we can make it, won't you stay?
Don't you be afraid, don't you be afraid
I will always walk you home
I can see your smile from a mile away
Maybe we can make it, won't you stay?
Don't you be afraid, don't you be afraid
I will always walk you home

Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)
Never ever love again (Ooh, ooh, ooh, ooh)

I can see your smile from a mile away
Maybe we can make it, won't you stay?
Don't you be afraid, don't you be afraid
I will always walk you home
I can see your smile from a mile away
Maybe we can make it, won't you stay?
Don't you be afraid, don't you be afraid
I will always walk you home
