Mars Argo

You gave away that feeling I want you to know  
You gave away that feeling I want you to know  
You gave away that feeling I want you to know  
You gave away that feeling I want you to know  
You gave away that feeling I want you to know (you gave away)  
You gave away that feeling I want you to know (you gave away)  
You gave away that feeling I want you to know (you gave away)  
You gave away that feeling

I'm breaking all my walls down  
I'm feeling all that I can now  
Haven't ever needed anyone  
Haven't ever needed anyone

You gave away that feeling I want you to know (you gave away)  
You gave away that feeling I want you to know (you gave away)  
You gave away that feeling I want you to know (you gave away)  
You gave away that feeling

I'm breaking all of my walls down  
I'm feeling all that I can now  
Haven't ever needed anyone  
Haven't ever needed anyone

You gave away that feeling I want you to know (you gave away)
