

Grand Finale

Marsha Ambrosius

It's the grand finale (Grand finale)
Grand finale (Grand finale)
It's the grand finale (Grand finale)
Grand finale (Grand finale)

Did we make it so different
Wanna repair it all
But it won't make a difference
Don't matter who is guilty
Or who is innocent
They just don't give a damn I'm just saying
They just don't give a damn I'm just saying
It's the grand finale (Grand finale)

Watching as we do it
Watching how we go through it
It was all good 'til we got into it
Now they just don't give a damn I'm just saying
Where they ass was at when I was forced to do it
Rephrase, I had no choice but to do it
Now these days I sit and look and listen
To everything that we said
Everything that we did was valid
Good, bad or indifferent
I was just mad at all the argument and
Complaining
I got complacent with my feelings
And let it all get to me anyways
And they just give a damn I'm just saying

The light's been dull for a long time
As soon as I say what's on my mind
Can't take away from my shine
Too blind from the intention
I was too blind from the mentions
Determined to be who I intended
To hurt you wasn't the intention

It's the grand finale (Grand finale)
It's the grand finale (Grand finale)
Grand finale (Grand finale)
It's the grand finale (Grand finale)
The end

This is where you're supposed to come in now
After everything happened you still could've been there
No denying it, no other way around it
I heard you clearly
And I'm still being nice about it
I'm not surprised, I know better
Finally get it
I can't attest for you, can't ignore it or defend it
It's finally off of my back and no need to question
So much for peace and blessings

Was it about the money?
Was it 'cause I know you?

Who was the reason it ended?
Do it really matter?
'Cause they wanted it so bad
I let it all get to me anyways
And they just give a damn I'm just saying

The light's been dull for so long now
As soon as I say it's going warm now
You can't stay away from my shine
I was too good from the intention
I was too blind from the mentions
Determined to be who I intended
To hurt you just wasn't the intention

It's the grand finale (Grand finale)
Ooh
It's the grand finale (Grand finale)

Hey, can you hear me?
So I told him everything
No like, like everything, everything
Things I didn't even want to say
And he already knew
Exactly what I said, he already knew
And I'm good
Ny-Ny, Ny-Ny
Come here baby
Let me go get this baby to bed
I'll hit you back
