

One Night Stand

Marsha Ambrosius

One night
Ooh, tell 'em
Ah-ah
One night
Ooh, tell 'em

Oh, I get this feeling
Looking at the ceiling
It's early in the morning
Still, we're heavy breathing
Thought we'd only go a couple rounds
Couple naps in between
And we back at it for a couple hours
Called you an Uber
And it came and went (Went)
I'm probably gon' be fined for that (Fined)
But it was worth it, baby (Worth it, baby)
'Cause, baby, you too fine for that (Fine as shit)

You got that touch, your taste
You kiss and hold me
I lose control (I lose control)
I want you so (I want you so, I want you so)
I want you baby, baby, baby, baby
Ooh, baby
Just one night (One night, yeah)
Swinging off the chandelier
Almost broke my fucking wrist
Ooh, but it felt so right
Roll over like, "Who is this?"
Must be some amazing

Ooh, ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh
Ooh, ooh-ooh-ooh-ooh
Ooh-ooh-ooh-ooh
Oh, oh
Oh, babe, baby

One night
Ooh, tell 'em
Ah-ah
One night
Ooh, tell 'em
Ah-ah
One night
One night stand
One night
Ooh, tell 'em
Ah-ah
