

The Greatest

Marsha Ambrosius

Are you scared of this love I have to give?
Are you afraid there's only one life to live?
If we do this again
Don't pretend

You said the day I met you that you'd never let me go
Enchanted by your passion, I'm enamored, got me wanting you
And the things you do to me
You're by far

The greatest of them all
The greatest of them all

Ooh, tell me it's all for me
I'm all you want and need
Everything I got
Ooh is it hot in here, babe?
Tell me you won't lose
My heart you'll chose
In love for you I fall

You're the greatest of them all
You're the greatest of them all
Greatest

This'll be me saying, "What's up"
Bossed up, bringing the pain before the glow up
Done grewed up
I never changed, I am evolving
Claim it
Who the greatest? Mama, I made it

You're the greatest of them all
Greatest
Oh, you're the greatest
You're the greatest
Greatest
Ooh, the greatest
Yeah
