

# Not For Me

Marshall Crenshaw

I see you standin' helpless  
Afraid to face a little sadness  
If I follow your direction  
Where would I be?

But I don't have to wonder I know definitely  
That it's just not for me  
Yeah I know what happened last time  
And someday you'll wake up to find that  
You've be waiting around for something  
You'll never see

I don't have to wonder I know definitely  
That it's just not for me  
So I know what not to do  
Cause I learned it from you yeah  
Now I feel sorry for you

And I hope that someday I can thank you  
Now you're still waiting around for something  
You'll never see  
I don't have to wonder I know definitely  
That it's just not for me  
So I know what not to do  
Cause I learned from you  
I feel sorry for you

And I hope that someday I can thank you  
I know what happened last time  
But you'll never recover lost time  
If I follow your direction  
Where would I be?  
I don't have to wonder I know definitely  
That it's just not for me
