

# Be Kind

Marshmello

Wanna believe, wanna believe  
That you don't have a bad bone in your body  
But the bruises on your ego  
Make you go wild, wild, wild, yeah  
Wanna believe, wanna believe  
That even when you're stone cold, you're sorry  
Tell me why you gotta be so outta your mind, yeah

I know you're chokin' on your fears  
Already told you I'm right here  
I will stay by your side every night

I don't know why you hide from the one  
And close your eyes to the one  
Mess up and lie to the one that you love  
When you know you can cry to the one  
Always confide in the one  
You can be kind to the one that you love

Ah

I know you need, I know you need  
The upper hand even when we aren't fighting  
Cause in the past  
You had to prepare every time, yeah  
Don't wanna leave, don't wanna leave  
But if you're gonna fight, then do it for me  
I know you're built to love  
But broken now, so just try

I know you're chokin' on your fears  
Already told you I'm right here  
I will stay by your side every night

I don't know why you hide from the one  
And close your eyes to the one  
Mess up and lie to the one that you love  
When you know you can cry to the one  
Always confide in the one  
You can be kind to the one that you love

Ah

I know it's hard for you,  
But it's not fair  
Going sick in the head, tryna get you there  
And I know it's hard for you,  
But it's not fair, it's not fair

I don't know why you hide from the one  
And close your eyes to the one  
Mess up and lie to the one that you love  
When you know you can cry to the one  
Always confide in the one  
You can be kind to the one that you love

Ah, ah

When you know you can cry to the one  
Always confide in the one  
You can be kind to the one that you love

Ah
