If I drown in that pussy, don't save me

Pull up in a Bentley, it's a big body (Big body)
Speaking on the gang, you gon' get bodied (Damn)
All these diamonds on my neck, bitch, I'm drip dropping
Think it's funny, girl that drink, watch me Chris Rock it
Big .40 and it's on me, nigga always
Ain't no broke niggas around me, bitch, we all paid
Getting head from a sucker bitch, all day
And if you got a problem, we ain't trippin', we got all K's nigga
If your nigga died, you ain't gon' slide
Talking all that tough shit, we know you ain't that guy
Hella big booty bitches, I'm in LA with the vibes
Ass up, face down, when I hit her from behind

Niggas talking like they balling, hit the quarter bodies
Bounce out with that mask, like I'm Marshmello

Don't put your trust up on us because the mob shady
And I'm the man with the birds, but I am not baby
What T.O. spent on his kid, about a soft eighty
Flexing your chopper on the rim, until it got rabies
And all I speak is the real, boy I cannot fake it
