

Forever

Marshmello

Forever, you'll be in my heart

Nothing can tear us apart
Forever, you'll be in my heart

You hold the light in the dark
Forever, you'll be in my heart

Forever, you'll be in my heart
Forever, you'll be in my heart

I'll never love you, never love you any less
Know that you're always a yes
Never love you any less

Love you any-
Love you any-
Love you any-
Love you any-
Love you any-

Heart
Forever, you'll be in my heart
Forever, you'll be in my heart

I'll never love you, never love you any less
Know that you're always a yes
Never love you any less, love you any-
