

Lights On

Marshmello

Your hoe won't let me be
They say that love will set you free, at least that's what they
told you
And if I have no self control, at least I have my composure
God in the back be beside you a soldier
Your world on my shoulders
I'll do it all again, I'll do it all over
Turn the lights on

I wanna see again, I wanna see the back
Turn the lights on
All these imperfections will be real, yeah
Turn the lights on
Turn the lights on

Show me what I can't see
And if I can't push you away, baby I'll pull you closer
The clarity I found in you, now it's over exposure
The scars that we open, the hearts that we broken
No, we don't need closure
I'll do it all again, I'll do it all over
Turn the lights on

I wanna see again, I wanna see the back
Turn the lights on
All these imperfections will be real, yeah
Turn the lights on
Turn the lights on

Turn the lights on
