Marshmello

Always think about you, always  
Thought I had a life I could grow with you  
But as time fades, crazy how our lives changed  
Feeling like a shockwave without you

Always think about you, always  
Thought I had a life I could grow with you  
But as time fades, crazy how our lives changed  
Feeling like a shockwave without you

Always think about you, always  
Thought I had a life I could grow with you  
As time fades, crazy how our lives changed  
Feeling like a shockwave without you  
Feeling like a shockwave, shockwave, shockwave, shockwave  
Shockwave, shockwave, shockwave, shockwave  
Ooh yeah, babe, get 'em with the shockwave  
Ooh yeah, babe, get 'em with the shockwave

Shockwave without you
