

# Too Much

Marshmello

Break your silence over my chest  
Let it follow and I'll do the rest  
Kiss me, kill me, I want nothin' less  
I'm not afraid of the lonely, no

Meet me at the corner, I'll be waitin' for ya  
I can take the weight off, weight off of your shoulders  
I don't care what hour, if it's rain or shower  
Whatever you ask of me, you don't have to worry

There's no such thing-ing-ing-ing  
As too much, as too much  
There's no such thing-ing-ing-ing  
As too much, as too much  
There's no such thing-ing-ing-ing  
Thing-ing-ing, thing-ing-ing-ing-ing

Empty bottles cloudin' your mind  
I know you get (You get), lonely sometimes  
Say the (Say the), word and (Word and), I'll make the drive  
I'm not afraid of the lonely, no

So meet me at the corner, I'll be waitin' for ya  
I can take that weight off, weight off of your shoulders  
I don't care what hour, if it's rain or shower  
Whatever you of ask me, you don't have to worry

There's no such thing-ing-ing-ing  
As too much, as too much  
There's no such thing-ing-ing-ing  
As too much, as too much (Oh, oh)  
There's no such thing-ing-ing-ing  
Thing-ing-ing, thing-ing-ing-ing-ing

I hate the thought of you with tears in your eyes  
And I hate the thought of losing you, you to the lies  
By the way you're talkin', something ain't right  
And I know that you're tired

There's no such thing-ing-ing-ing  
As too much (As too much), as too much (Way, way too much)  
There's no such thing-ing-ing-ing (Ooh)  
As too much (Way too much), as too much (Too much)  
There's no such thing-ing-ing-ing  
Thing-ing-ing, thing-ing-ing-ing-ing (Ooh)  
There's no such thing-ing-ing-ing (Yeah, yeah)  
Thing-ing-ing, thing-ing-ing-ing-ing (Yeah, yeah, yeah)
