

Be Careful Of Your Dreams

Marta Sánchez

Last night you stole my heart away
I can't remember yesterday
Feels like I wished on every star
I guess they heard cause here you are

And I just can't believe
It all turned out this way

Be careful, be careful
Be careful of your dreams
Cause they just might come true

Be careful
Be careful of your dreams
Cause they just might come true

I prayed you'd love me for so long
I couldn't fight a dream so strong
Now here we are to my surprise
And I'm so lost inside your eyes

And it's a miracle
It feels so right this way

Be careful, be careful
Be careful of your dreams
Cause they just might come true

Be careful
Be careful of your dreams
Cause they just might come true

Be careful, be careful
Be careful of your dreams
Cause they just might come true

Be careful
Be careful of your dreams
Cause they just might come true

Be careful, be careful
Be careful of your dreams
Cause they just might come true

Be careful
Be careful of your dreams
Cause they just might come true
