

Mood

Marteen

Woo, ayy, aight

I done made the same mistakes four or five times, yeah
Like when I lost my wallet, couldn't find it in Hawaii (That thang was Gucci too)
Every little thang ain't always gonna be alright
But I can't trip, no I can't trip

It seems like everything's gone wrong, yeah
But I know it's not worth holding on
Got me blue
No matter what I do, still feel like I lose

But I ain't gon' let that mess up my mood (Ayy)
My mood (Yeah)
Things they happen all the time
But no I won't let that mess up my mood

Ayy, yeah
