

On To Something Interlude

Marteen

Gimme just a second, I need time
I'm tryna get it every minute
I'm on the grind now
I see the clock tick down
Always know what time it is
Never turnt down, if you keep up with me
I can keep this up with you, girl
It's heating up with you, girl

I got a passion for clothes
I'm into fashion and shows, ayy, yeah
I stay ahead of the curve
I always gotta be first, yeah
You don't fit in 'cause you different
Oh, woah

No surprise I'm on ya, I know what I'm into
Got that gotta have it, I'm tryna get into
I know when I'm on to something
I know when I'm on it, I'm on it
It's no surprise I'm on ya, I know what I'm into
Got that gotta have it, that I'm tryna get into
I know when I'm on to something, yeah
I know when I'm on it, I'm on it

I'm on the way, I'm on my way (On my way, skrrt)
I'm on a flight overseas, I'm gone all day (Ayy)
When I leave, you don't leave my brain (No you don't, no you don't)
Even when the time change, girl, I don't change (I don't)
I'm from where it's hyphy, I am not a hypebeast
I know when it's fire, no matter what the hype be
Priceless I could find it, high level of taste
I don't do the basics, don't get more rare than where you take it

I got a passion for clothes
I'm into fashion and shows, ayy, yeah
I stay ahead of the curve
I always gotta be first yeah
You don't fit in cause you different
Oh, woah

No surprise I'm on ya, I know what I'm into
Got that gotta have it, I'm tryna get into
I know when I'm on to something
I know when I'm on it, I'm on it
It's no surprise I'm on ya, I know what I'm into
Got that gotta have it, that I'm tryna get into
I know when I'm on to something
I know when I'm on it, I'm on it

I'm on it
