

Two Days

Marteen

Yeah

I'm on my way right now

I was on my way from LA (LA)

Hit traffic in the valley

Hit the homies when I got close

Said they're with some girls from Berkeley, yeah

I lost track of time

When you caught my eye (yeah)

Girl you know you fye (aye)

What you wanna do, I'm gon' do it

You know I been tryna catch a vibe

You so one of a kind (hey)

I'm in awe when I'm around you

Two days in a row, yeah

We haven't quit, two days in a row (ay)

And what we did, you already know

I'm who you with, two days in a row (ay)

Two days in a row, get it get it

Bingeing on your body

Need you 'round

Need another dose right now

And you down, baby

Two days in a row (yeah)

And I ain't trippin if we do two more (nah)

Wake up, wake up, wake up

Gotta get it, get it

Got it going Gucci baby (Gucci)

Hold me down for the weekend

Make it all 'bout you

Wake up, wake up, wake up

Gotta get it, get it

Got it going Gucci baby (Gucci)

Hold me down for the weekend

Make it all 'bout you

It's been 47 hours (yeah)

You and I must have super powers

You open late like taco bell stay

Dreamed of a girl and then I found her, yeah

I found her

I lost track of time

When you caught my eye

Girl you know you fye

What you wanna do, I'm gon do it

You know I been tryna catch a vibe

You so one of a kind

I'm in awe when I'm around you

Two days in a row, yeah

We haven't quit, two days in a row (ay)
