

We Cool

Marteen

You know
We ain't got a lotta old money
But we also don't have no new money either tho

I'm tryna turn this skateboard to a yacht
So I could sail away with all the homies that I got
No more couch surfing catch a wave and get a spot
I'm tryna get it yankin throwin hella franklins
I'm tryna turn this Toyota to a Benz
So I could pull up to the function with my friends
Girls on the hood with the forty inch rims
I'm tryna get it yankin throwin hella franklins

But for now we good
Twenty dollars for the weekend
Yeah we good
That won't stop the way we feelin cause
Yeah we good
You know we young and we livin
And nothin gon kill my vibe

I ain't got a hunnid million (aye)
In my bank now (nah)
But I act like I do
So when you see me it's on like that
It's on like that
You coulda swore that we was on by the way we act
I ain't got a pj (aye)
On the runway (nah)
But I'm fly like that too
So when you see us it's on like that
It's on like that
We ain't got a lot but we cool with what we have

(Woah)
We cool

I'm tryna turn this rubber band to a Rollie
Got these pretty girls tryna kick it like a goalie
Ima go from top ramen to top model
Ima level up my life and my dollars

That won't stop the way we feelin cause
