

# Goodbye

Martika

Baby  
I'm sorry I  
Never wanted us to end  
But we did it wrong  
Damage is done  
Can't be denied  
And I cannot lie  
I gotta move on  
And heaven knows it

I've been empty  
Even with  
You  
In me  
Baby  
Felt so lonely

Goodbye baby  
I tried  
Please, don't paint me a villain  
Caught in the wrong dream  
It's killing me  
And I just cannot stay  
Set me free so that I can  
Fly, fly, fly far away

Maybe, I'm  
Finally  
Believing in me again  
It was not that way  
Back in the day  
We became engaged  
Tell me how could someone with so much  
Lack of self-love  
Be in me

When you  
Hold me  
Something  
Told me  
That this  
Feeling  
Was a  
Healing

Goodbye  
Goodbye baby  
I tried  
Please, don't hate me  
I've been  
Living in the dream  
Nothing for me  
And I just cannot stay  
Set me free so that I can  
Fly, fly, fly far away
