

Dance 'n' Roll

Martin Harich

I like the moments when you're walking down the street
babe we would be such a nice family
Those things are right
I'll put up the fight
The sky tonight is gonna fall into the sea

Shake your body babe dance with me
cause all I wanna do is dance with u tonight
I don't care if your answer is yes or no
But i am not gonna fall asleep alone

I am going crazy when you're breathing close to me
I don't dance but babe you make it easy
This is the right song
Which makes me feel strong
I want the world to see what you girl mean to me

Shake your body babe dance with me
cause all I wanna do is dance with u tonight
I don't care if your answer is yes or no
But i am not gonna fall asleep alone

I saw u babe yesterday
Yeah it was crazy
B.T.W.
I forgot to tell you yesterday
I love you so...

Shake your body babe dance with me
cause all I wanna do is dance with you tonight
I never felt something like this before
I just don't wanna dance on my own
