

# All I Wanna Do

Martin Jensen

Looking through your window  
Maybe you're not home  
I tried to call your number  
So now I leave another message on your phone

I'm not a stalker I just gotta know  
How it feels when I hold you close  
So tell me what you like  
Cause I'm runnin' out of time  
Promise you I'm not insane  
Something about you that I can't explain  
I'm going out of my mind

All I wanna do, is make love to you  
I'll hold you tight, treat your body right  
All I wanna do, is stay the night with you  
I'll hold you tight, treat your body right, yeah

I'll hold you tight, treat your body right, yeah

Staring at your picture  
It's hanging on my wall  
Yeah I even called your mama  
To ask her how to get through to your heart  
And I said

I'm not a stalker I just gotta know  
How it feels when I hold her close  
So tell me what she likes  
Cause I'm runnin' out of time  
Promise you I'm not insane  
Something about her that I can't explain  
I'm going out of my mind

Yeah

All I wanna do is make love to you  
I'll hold you tight, treat your body right  
All I wanna do is stay the night with you  
I'll hold you tight, treat your body right, yeah  
Yeah

All I wanna do is make love to you  
I'll hold you tight, treat your body right  
All I wanna do is stay the night with you  
I'll hold you tight, treat your body right, yeah

I'll hold you tight, treat your body right, yeah
