

# I Could Get Used To This

Martin Jensen

I know that I love you  
But baby sometimes I don't know what to say  
'Cause where I come from  
We didn't have parties with Ferraris in the driveway  
I used to work at Wendy's  
But now I drive your Bentley  
This crazy life is more than I know (Know)  
You say, "I don't really care"  
As long as I am there  
You've got enough money to blow

They don't know  
What I make a year is what you spend a day  
Fancy dinners 'cause you got expensive taste  
It's so obvious that I'm so out of place  
But I think that  
I could get used to this  
(I know I could, I know I could, could, could)  
(I know I could, I know I could, could, could)  
It's so obvious that I'm so out of place  
But I think that  
I could get used to this

I know they'll work you  
And I would be here if we lost it all  
After all we've been through  
We'll get by and we'll survive even if we fall  
In a limo through the city  
To a party with P. Diddy  
This light is spinnin' outta control (Control)  
You know we could be anywhere  
You say that you don't care  
Wherever I'm with you feels like home

They don't know  
What I make a year is what you spend a day (Spend a day)  
Fancy dinners 'cause you've got expensive taste  
It's so obvious that I'm so out of place  
But I think that (Oh yeah)  
I could get used to this  
(I know I could, I know I could, could, could)  
(I know I could, I know I could, could, could)  
It's so obvious that I'm so out of place  
But I think that  
I could get used to this  
Yeah  
I'ma play a song for you  
But I could get used to this (Mmm-hmm yeah)  
Yeah I could get used to  
Let me get used to  
Baby I could get used to this
