

Meet You There

Martin Jensen

Out at our favorite spot
Text you I'm late 'cause you know I'm always getting lost
I'm so done with my stupid boss
Talk about all the things we'll do when we leave our jobs

And if tomorrow's not promised and you happen to get there first
Can you leave a message for God, the drink that I want
'Cause I won't be long

Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Anywhere
Meet you there
Meet you there

Tell me I'll see you soon
We always say it's been too long but what can we do
Let it flash right before your eyes
Wherever you go I won't be far behind ya

And if tomorrow's not promised and you happen to get there first
Can you leave a message for God, the drink that I want
'Cause I won't be long

Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Anywhere
Meet you there
Meet you there

Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Anywhere
Meet you there
Meet you there

Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Promise I'll meet you there
Promise I'll meet you there
Follow you anywhere
Anywhere
Meet you there
Meet you there
