

# One Day

Martin Jensen

One day we'll be older  
Remember the words that mama told ya

Life can go so fast  
We can do our best  
Always chase the end of the rainbow  
Sometimes we're too late  
Think we gonna break  
But we will never fade out

So let me, oh, let me, oh, let me breathe  
The world has gone crazy and I can't sleep  
Take all your dreams, make them memories  
Memories

One day we'll be older  
Remember the words that mama told ya  
Some days are bright and some are colder  
So let's not waste time and hold me closer

One day we'll be older  
Remember the words that mama told ya  
Some days are bright and some are colder  
So let's not waste time and hold me closer  
Oh

People talk so loud, we still figure out  
Just tryin' to find a way through the darkness  
Money, drugs and cars won't help with all the scars  
You gotta hear what your heart says

So let me, oh, let me, oh, let me breathe  
The world has gone crazy and I can't sleep  
Take all your dreams, make them memories  
Memories

One day we'll be older  
Remember the words that mama told ya  
Some days are bright and some are colder  
So let's not waste time and hold me closer

One day we'll be older  
Remember the words that mama told ya  
Some days are bright and some are colder  
So let's not waste time and hold me closer

One day we'll be older  
Remember the words that mama told ya  
Go live up your life before it's over  
So let's not waste time and hold me closer
