

# Solo Dance

Martin Jensen

In the faded light  
You touch my body  
I can feel your hands  
On my skin  
Think you've got me right  
Where you want me  
But you're just in my way

I came to party on my own  
Don't need nobody in my zone  
I get down to the beat  
I lose control

Eh, oh, I go so-solo

Boy, you can cool it down  
Not here to fool around  
Just wanna dance, dance, dance, dance, dance, dance  
I know you want me  
But I don't care, baby  
Just wanna dance, dance, dance, dance, dance, dance

Dance, dance, dance  
Dance, dance, dance  
Dance, dance, dance

In the shade of night  
You're moving closer  
We're on our way  
To cross a line  
Think you got me right  
Where you want me  
But it's all in your mind

I came to party on my own  
Don't need nobody in my zone  
I get down to the beat  
I lose control

Eh, oh, I go so-solo

Boy, you can cool it down  
Not here to fool around  
Just wanna dance, dance, dance, dance, dance, dance  
I know you want me  
But I don't care, baby  
Just wanna dance, dance, dance, dance, dance, dance

Dance, dance, dance  
Dance, dance, dance  
Dance, dance, dance
