

# Cherry

Martin Jondo

She is like a cherry  
And i just wanna kiss her  
She is like a cherry  
And is robbing my mind

Hey baby, my heart is hypnotized  
Tell me your name, sweet lady  
Queen of the night  
I wanna get close  
I wanna be the lucky one  
Wanna be the first and the last  
the only one

So come on baby, freak out  
And let me dance with you  
You trust me and me and you

She is like a cherry  
And i just wanna kiss her  
She is like a cherry  
And is robbing my mind

Hey baby, my heart is yours for life  
You got the game, kinky lady  
Shine like ice in the light  
I wanna hold you tight  
I wanna be the chosen one  
Wanna be the one who let you "oh"

So come on baby, freak out  
And let me plaid for you  
You trust me and me and you.

She is like a cherry  
And i just wanna kiss her  
She is like a cherry  
And is robbing my mind

So baby, I will conquer you tonight  
So baby, I will fight for you the rest of my life

She is like a cherry  
And i just wanna kiss her  
She is like a cherry  
And is robbing my mind
