

Corrupted Minds

Martin Jondo

Do you know where you are now
Them ask me
Do you know where you are now
Them might say it is my dreamland dreamland
Who ever knows the truth of life
I'm just humble and seeking seeking
Harmony and sense in my life, yes
Harmony and sense in my life, yes
While I'm fleeing from corrupted minds, yes
While I'm fleeing from corrupted minds

Do you know where you are now
Them ask me
Do you know where you are now
May them tell I'm on the ghosttrain insane
Foxes in the night survive
I just feel how you beat me treat me
Glee in your corrupted minds
fleeing your corrupted minds
Glee in your corrupted minds
fleeing from corrupted minds

Them just corrupted
Corrupted
