

Teardrops

Martin Jondo

Oh if you see me good lord, if you see me crying
Oh if you see me good lord, if you see me crying
Tear drop by tear drop
I'm shedding millions of teardrops
Uh yes and tear drop by tear drop
I'm shedding millions of teardrops
'cause I don't wanna loose my good friend yeah
'cause I know what this means and this means
'cause I don't wanna loose my good friend yeah
'cause I know what this means and this means

Tear drop by tear drop
I'm shedding millions of teardrops
Uh yes and tear drop by tear drop
I'm shedding millions of teardrops

And kow I think I loose my stand
And no one's there to give a helping hand
To say that I love you
To say that I'm with you
To say that I need you
To say that I need you
Tear drop by tear drop
That I need you

Tear drop by tear drop
I'm shedding millions of teardrops
Uh yes and tear drop by tear drop
I'm shedding millions of teardrops

Tear drop by tear drop
I'm shedding millions of teardrops
Uh yes and tear drop by tear drop
I'm shedding millions of teardrops
