

Wicked Wonderland

Martin Tungevaag

I've been thinking about wrong,
I've been thinking about right,
I just wanna thrive,
I don't wanna fight, (2x)

Can you see the flickering lights, baby?
Put your glass up in the air, with me,
Hollar Hollar let them hear us, loudly,
Our top is off, let's show them off, proudly.

Wicked Wicked Wonderland,
It's like crossing the Rio Grande,
You gotta have the cash in store to reappear on our front door,
Wicked Wicked Wonderland,
It's like crossing the Rio Grande,
You gotta have the cash in store to reappear on our front door.

Instruments

Is this a fairytale I see the hacienda
No hablo english but you're on my agenda
Where all my friends are

Wicked Wicked Wonderland,
It's like crossing the Rio Grande,
You gotta have the cash in store to reappear on our front door,
Wicked Wicked Wonderland,
It's like crossing the Rio Grande,
You gotta have the cash in store to reappear on our front door.
