

# Say I'm Not Alone

Martine McCutcheon

It was easy  
When I fell for you  
It was natural

Knew what I had to do  
It was easy  
There was nowhere else to go

Mmm  
It was easy  
When I saw your face  
To find my light, to see the way  
It was easy  
Ohhhh  
Like stepping into space

(Crumbling along)  
I started spinning  
(No way getting home)  
What was I thinking?  
(Into the unknown)  
Oh, what am I doing out here?

Kicking the stars  
Around the constellation  
Nothing's as wild  
As my imagination  
Say I'm not alone  
I can't believe it  
Say I'm not alone

Like I'm waking  
In the evening bloom  
Been forsaken  
In the waiting room  
It's so easy  
To leave my other life behind

Ooh

(Stumbling along)  
A new beginning  
(Lonely getting hold)  
What are you thinking?  
(Into the unknown)  
Oh, what are we doing out here?

Kicking the stars  
Around the constellation  
Nothing's as wild  
As my imagination  
Say I'm not alone  
I can't believe it  
Say I'm not alone

Ohhh

(Say I'm not alone)  
(Say I'm not alone)

Life is easy  
Before your touch  
It was easy  
Didn't know too much  
It was easy  
When I didn't understand

I could be  
Kicking the stars  
Around the constellation  
Nothing's as wild  
As my imagination  
Look in my eyes  
Give me confirmation  
Say I'm not alone  
Ohh  
Say I'm not alone  
Ohhhhh

(Say I'm not alone)  
I can't believe it  
(Say I'm not alone)  
Say I'm not alone, no

(Say I'm not alone)  
I can't believe it  
(Say I'm not alone)
