It's Not All Over

Marty Robbins

It's not all over when you leave
You just can't end it when ya please
Just because you want it so
It's not all over when ya go

'Cause I'm not all over lovin' you
So tell me what I ought a-do
We might have hit an all time low
But it's not all over
No, it's not all over

It's not all ended quite so fast
I know I haven't seen the last
If we change at all we'll change real slow
It's not all over when ya go

'Cause I'm not all over lovin' you
So tell me what I ought a-do
We might have hit an all time low
But it's not all over
No, it's not all over

'Cause I'm not all over lovin' you
So tell me what I ought a-do
We might have hit an all time low
But it's not all over
No, it's not all over
No, it's not all over
